Reliability, safety, security.
Get it all and more with eero Plus.

Historical Data
Track historical network data usage, monitor network activity, and see security stats.

eero Internet Backup
Connect eero to an alternate internet connection to keep the network up and running during an outage.

Ad Blocking
Improve your browsing experience by blocking a variety of ads.

Advanced Security
Prevent accidental visits to known malicious sites and help protect connected devices.

DDNS
Remote access to your home network devices and content from anywhere.

Advanced Parental Controls
Set restrictions for designated devices based on age range or content categories.

Block Apps
Block individual apps per profile for more control over content.

Block and Allow Sites
Block and allow individual sites on a network or per profile.
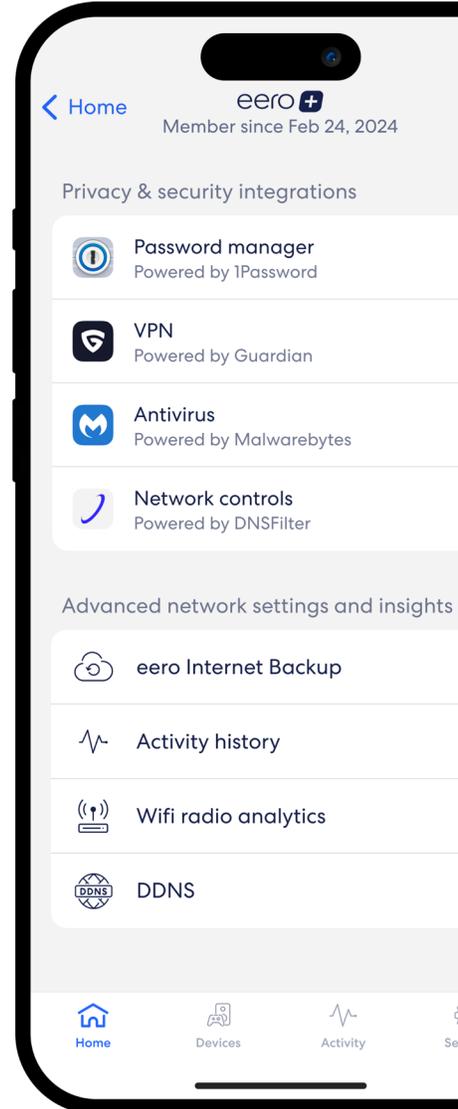

A complete security toolset.

eero Plus gives you access to top-rated security apps 1Password, Malwarebytes, and VPN powered by Guardian.

1Password
Safely create, store, and share unique passwords in one central place.

Malwarebytes
Scan, clean, and protect your devices from viruses and ransomware.

VPN powered by Guardian
Use a VPN to browse the web privately, even on public wifi.
